Footnotes & data points

Data points

HP DesignJet T250 vs Canon TA-20

End-2-End workflow - 101% faster end-to-end printing: based on 3rd party testing commissioned by HP performed in May 2020, which consists in printing 3 A1 PDF files and 2 A3 PDF files in plain paper fast mode and measuring the number of actions required and the total time including jobs preparation with SW HP Click vs Canon Direct Print & Share. Number of actions: HP T250: 3, Canon TA-20: 11. Total time: HP T250 3 min 32 sec, Canon TA-20 7 min 5 sec. Original files available upon request.

Compactness - up 38% less space: operational footprint calculated without stand & closed tray. HP T250 operational footprint 0,45 sqm vs Canon TA-20 0,72 sqm

Ink Efficiency - Up to 95% less wasted ink: based on 3rd party testing commissioned by HP performed in May 2020. Waste measured weighting the maintenance cartridge/service station before and after performing a PH cleaning and assuming 2 PH cleaning performed per month. HP T250 waste is 0.36ml per each PH cleaning vs. Canon TA-20 waste is 7.725ml per each PH cleaning.

Page Yield: based on 3rd party testing commissioned by HP performed in May 2020. The page yield is calculated as the amount of pages that can be printed out of monthly average usage in ml, removing the ink wasted for maintenance. Calculation done taking into account two normal printhead cleanings and coverage of 5,1% in the file. Original file available upon request.

Better mobile printing: Based on Google Play / App store ratings in June 2020. Canon mobile application Inkjet selphy app has limited capabilities compared to HP Smart, for instance Canon app does not support remote printing from a mobile, meaning that in order to print from a mobile the user must be connected to the same internal network as the printer. On the contrary, HP Smart allows the user to send a job from anywhere through a mobile device.

Line accuracy: based on 3rd party testing commissioned by HP performed in May 2020. VLS (vertical lines straightness) on vertical 1 px black lines: HP T250 0.057mm vs Canon TA-20 0.083mm (lower VLS implies better lines) printed on Océ 75g plain paper using equivalent fast/draft print modes.

Gamut: based on 3rd party testing commissioned by HP performed in May 2020. HP T250 187K vs Canon TA-20 113K printed on Océ 75g plain paper using equivalent fast/draft print modes.

Sustainability

HP T250 has EPEAT GOLD certification for reduced environmental impact (all required criteria met plus at least 75% of the optional criteria), while Canon TA-20 has EPEAT SILVER certification (all required criteria met plus at least 50% of the optional criteria). 30% of the plastic parts of HP T250 are obtained with recycled plastic, with a reduced CO2 footprint of 7.3 tons per year vs less than 10% in Canon TA-20.

Based on specifications

HP Click vs Canon Direct Print & Share: According to product specifications as per June 2020, Canon Direct Print & Share is not a driverless solution (it requires driver), it has a basic and simpler UI compared to HP Click, and does not have the following features present in HP Click: add a frame around your content, custom pages creation and saving, real print preview, automatic rotation, PDF error check, clipping detection, compatibility with Apple MacOS.

Maintenance cartridge: According to product specifications, HP T250 does not have a maintenance cartridge for service routines, while Canon TA-20 requires one.

Data points

HP DesignJet T250 vs Epson SC-T3100

End-2-End workflow - 43% faster end-to-end printing: based on 3rd party testing commissioned by HP performed in May 2020, consisting in printing 3 A1 PDF files and 2 A3 PDF files in plain paper fast mode and measuring the number of actions required and the total time including jobs preparation with SW HP Click vs Epson Print Automate. Number of actions: HP T250: 3, Epson SC-T3100: 9. Total time: HP T250 3 min 32 sec, Epson SC-T3100 5 min 2 sec. Original files available upon request.

Compactness - up 15% less space: operational footprint calculated without stand & open tray. HP T250 operational footprint 0,45 sqm vs Epson SC-T3100 0,53 sqm.

Ink Efficiency - Up to 86% less wasted ink: based on 3rd party testing commissioned by HP performed in May 2020. Waste measured weighting the maintenance cartridge/service station before and after performing a PH cleaning and assuming 2 PH cleaning performed per month. HP T250 waste is 0.36ml per each PH cleaning vs. Epson SC-T3100 waste is 2.5ml per each PH cleaning.

Page Yield: based on 3rd party testing commissioned by HP performed in May 2020. The page yield is calculated as the amount of pages that can be printed out of monthly average usage in ml, removing the ink wasted for maintenance. Calculation done taking into account two normal printhead cleanings and coverage of 5,1% in the file. Original file available upon request.

Better mobile printing: Based on Google Play / App store top ratings for HP Smart in June 2020. No mobile app available for Epson large format printers. HP Smart allows the user to send a job from anywhere through a mobile device, thanks to remote printing functionality not available in Epson T3100.

Gamut: based on 3rd party testing commissioned by HP performed in May 2020. HP T250 187K vs Epson SC-T3100 158K printed on Océ 75g plain paper using equivalent fast/speed print modes.

Sustainability - HP T250 has EPEAT GOLD certification for reduced environmental impact (all required criteria met plus at least 75% of the optional criteria), while Epson T3100 has no EPEAT certification. 30% of the plastic parts of HP T250 are obtained with recycled plastic, with a reduced CO2 footprint of 7.3 tons per year.

Based on specifications

HP Click vs Epson Print Automate: According to product specifications as per June 2020, Epson Print Automate is not a driverless solution (it requires driver) and it does not have the following features present in HP Click: real print preview, automatic source selection, PDF error check

Maintenance cartridge: According to product specifications, HP T250 does not have a maintenance cartridge for service routines, while Epson T3100 requires one. Besides, Epson runs a printhead cleaning on every cartridge replacement

Data points

HP DesignJet T650 vs Canon iPF TA-30

End-2-End workflow - 102% faster end-to-end printing: based on 3rd party testing commissioned by HP performed in May 2020, which consists in printing 3 A1 PDF files and 2 A3 PDF files in plain paper fast mode and measuring the number of actions required and the total time including jobs preparation with SW HP Click vs Canon Direct Print & Share. Number of actions: HP T650: 3, Canon TA-20: 11. Total time: HP T650 3 min 22 sec, Canon TA-30 6 min 49 sec. Original files available upon request.

Compactness - up 20% less space: operational footprint calculated with closed basket & open tray. HP T630 36in operational footprint 0,80 sqm vs Canon TA-30 0,96 sqm

Ink Efficiency - Up to 95% less wasted ink: based on 3rd party testing commissioned by HP performed in May 2020. Waste measured weighting the maintenance cartridge/service station before and after performing a PH cleaning and assuming 2 PH cleaning performed per month. HP T650 36in waste is 0.36ml per each PH cleaning vs. Canon TA-30 waste is 7.725ml per each PH cleaning.
Page Yield: based on 3rd party testing commissioned by HP performed in May 2020. About Sogeti

Part of the Capgemini Group, Sogeti operates in more than 100 locations globally. Working closely with clients and partners to take full advantage of the opportunities of technology, Sogeti combines agility and speed of implementation to tailor innovative future-focused solutions in Digital Assurance and Testing, Cloud and Cybersecurity, all fueled by AI and automation. With its hands-on 'value in the making' approach and passion for technology, Sogeti helps organizations implement their digital journeys at speed.

A global leader in consulting, technology services and digital transformation, the Capgemini Group is at the forefront of innovation to address the entire breadth of clients' opportunities in the evolving world of cloud, digital and platforms. Building on its strong 50-year heritage and deep industry-specific expertise, Capgemini enables organizations to realize their business ambitions through an array of services from strategy to operations. Capgemini is driven by the conviction that the business value of technology comes from and through people. It is a multicultural company of over 200,000 team members in more than 40 countries. The Group reported 2018 global revenues of EUR 13.2 billion. *People matter, results count.*
